Repair/Replace Failing Central Plant Equipment Serving Bldg. 4-2843, Soldier Support Center	2,000,000	Energy-related	Fort Bragg
Repair & replace Failed Equipment, Central heating plant bldg. 4-2472	1,000,000	Energy-related	Fort Bragg
Repair/Replace Undersized Central Plant Equipment Serving Smoke Bomb Hill	2,000,000	Energy-related	Fort Bragg
Repair/Replace Failing Steam Heating System, Bldg. C-5332, Memorial Chapel	255,000	Energy-related	Fort Bragg
Repair/Replace Failing Steam Heating System, Bldg. C-5535	240,000	Energy-related	Fort Bragg

Repair/Replace Failing Steam Heating System, Bldg. C-5934	\$261,000	Energy-related	Fort Bragg
Repair/Replace Failed and Failing Mechanical Piping/Equipment DFAC, Bldg. M-4234	820,000	Energy-related	Fort Bragg
Replace Roof Building: 1-1460	210,000	Roof repair/replacement	Fort Bragg
Demolish Portion of Building: 1-1460	350,000	Quality of Life	Fort Bragg
Repair Roofs - Various Buildings	924,000	Roof repair/replacement	Fort Bragg
Renovate Fire Station No. 1 Building: 6-9572	900,000	Operations	Fort Bragg
Renovate SAAF Fire Station: Building: P-4539	700,000	Operations	Fort Bragg
Renovate Fredrick Physical Fitness Center Building H-5718	3,358,000	Operations	Fort Bragg
Repair Wharf	1,870,000	Operations	Military Ocean Terminal SunnyPoint
<b>Total</b>	\$82,911,000		

### US Army Corps of Engineers

<b>Description</b>	<b>Amount</b>	<b>Project</b>	<b>Location</b>
Perform maint dredging of inlet crossings from Morehead City to the South Carolina state line small business set aside for maintenance dredging	3,000,000	Atlantic Intracoastal Waterway	Carteret County
Perform design and dike construction along AIWW from Morehead City to the Virginia state line and dredging from Morehead City to little river.	1,400,000	Atlantic Intracoastal Waterway	Carteret County
Hire additional temp ranger employees and term employees--hl. This activity will provide additional visitor Assistance during the peak recreation season, which will improve public safety and security.	100,000	B Everett Jordan Dam And Lake	Chatham County
Repair eroded riprap toe on the downstream side of dam and to perform maint on the three water quality gates. This activity will help to maintain structural integrity by replacing severely eroded riprap on the downstream toe of the dam that eroded in 1996 as a result of hurricane Fran. Gate refurbishment will maintain operational reliability of outlet works on Jordan Dam.	500,000	B Everett Jordan Dam And Lake	Chatham County
Perform debris removal from trash racks, maint on 3 remaining water quality gates, repairs to monuments and piezometers. This activity will improve operations of outlet works and improve precision of releases from Jordan Dam critical to flood releases and dialing in during periods of drought	576,000	B Everett Jordan Dam And Lake	Chatham County
Perform maintenance dredging in the vicinity of the cape fear lock structures to ensure lock operation is uninhibited.	500,000	Cape Fear River Above Wilmington	Carteret County
Perform repairs to large submerged scour hole adjacent to cape fear lock & dam structure #1.	4,000,000	Cape Fear River Above Wilmington	Carteret County

Repair recreation facilities 3 locks & dams - restroom renovation, road repaving and boat ramp repairs. Project will correct severely deteriorated roadways and boat ramps, improving visitors experieNce and maintaining the viability of these unique public recreation access points on the cape fear river	\$747,000	Cape Fear River Above Wilmington	Carteret County
Conduct hydrographic surveys and perform maintenance dredging of Carolina beach inlet entrance channel.	630,000	Carolina Beach Inlet	Carteret County
Perform hydrographic surveys, environmental coordination and geotechnical investigation necessary to produce plans and specifications for contract solicitation.	50,000	Channel From Back Sound To Lookout Bight	Carteret County
Perform hydrographic surveys, geotechnical sediment analysis and environmental coordination necessary to produce contract plans and specifications of future maintenance dredging of the Rodanthe harbor and Entrance channel.	125,000	Channel To Rodanthe From Pamlico Sound	Dare County
Hire additional temp ranger employees and term employees--hl. This activity will provide additional visitor assistance during the peak recreation season, which will improve public safety and security.	10,000	Falls Lake	Wake County
Perform shoreline erosion control and landscaping. This activity will stop advance of erosion, preventing loss of public lands and facilities. Landscaping will help stabilize eroded areas while enhancing visitors experience to heavily visited sites.	150,000	Falls Lake	Wake County
Remove debris from trash racks ---this activity will improve operations of outlet works and improve precision of releases from falls dam critical to flood releases and dialing in during periods of drought.	176,000	Falls Lake	Wake County
Renovate and upgrade tailrace area rec. Facilities project will provide creekside stabilization, improve public access, correct failing roadway culvert and provide paving to maintain and enhance public access to this recreation and operational area.	400,000	Falls Lake	Wake County
Initiate update of master plan. Use of service contract to initiate critical update to the comprehensive master plan dated 1982. This package will provide funding to conduct necessary NEPA documentation and provide an opportunity for public input into the planning process	100,000	Falls Lake	Wake County
Conduct hydrographic surveys, perform disposal island improvements and perform maintenance dredging of Lockwoods Folly River (inlet portion of the project) with disposal to the adjacent shoreline (beneficial use of dredged material). This activity will remove shoals from the Lockwoods	600,000	Lockwoods Folly River	Brunswick County

Folly River.			
Perform upland disposal island improvements for future disposal of dredged material from the Lockwoods river. This activity will also provide unrestricted navigation from the Atlantic ocean to the protected waters of the Atlantic Intracoastal waterway through Lockwoods Folly inlet.	570,000	Lockwoods Folly River	Brunswick County
Initiate work on the Manteo (Shallowbag) bay, NC dredged material management plan. Development of this plan will identify and ascertain environmental clearances necessary for disposal of dredged material for a 20-year duration.	155,000	Manteo (Shallowbag) Bay	Dare County
Continue work on the Manteo (Shallowbag) bay, NC dredged material management plan. Development of this plan will identify and ascertain environmental clearances necessary for disposal of dredged material for a 20-year duration.	155,000	Manteo (Shallowbag) Bay	Dare County
Shoreline and biological monitoring is required for the purposes of allowing disposal of dredged material onto the shoreline of pea island national wildlife refuge. A portion of the funding will be provided to U.S. Fish and Wildlife who have historically contracted with the university of Virginia to perform this biological monitoring. The remaining funding would be utilized to complete topographic and hydrographic surveys for the purposes of monitoring the shoreline of Pea Island.	560,000	Manteo (Shallowbag) Bay	Dare County
Perform maintenance dredging within the Oregon Inlet ocean bar (vicinity of Herbert C Bonner bridge) to a half channel width.	4,000,000	Manteo (Shallowbag) Bay	Dare County
Perform Maintenance Dredging Within The Oregon Inlet Ocean Bar (Vicinity Of Herbert C Bonner Bridge) To The Full Channel Dimensions.	2,000,000	Manteo (Shallowbag) Bay	Dare County
Perform Maintenance Dredging Within The Oregon Inlet Ocean Bar (Vicinity Of Herbert C Bonner Bridge) To The Full Channel Dimensions And A 200-Ft Channel Widener.	4,200,000	Manteo (Shallowbag) Bay	Dare County
Perform Maintenance Dredging Within The Oregon Inlet Ocean Bar (Vicinity Of Herbert C Bonner Bridge) To The Full Channel Dimensions And A 400-Ft Channel Widener.	2,200,000	Manteo (Shallowbag) Bay	Dare County
Perform inner harbor maintenance dredging to full project dimensions. This activity will provide unrestricted navigation within the turning basin portion of the project (turning basins adjacent to the berthing facilities) a Morehead City.	3,500,000	Morehead City Harbor	Carteret County
Continue execution of the Morehead City harbor dredged material management plan. Recent geotechnical sediment investigation revealed a change in sediment characteristics which necessitated a revision to the project disposal practices.	500,000	Morehead City Harbor	Carteret County

The Wilmington district is currently on scheduled to produce a final dredged material management plan (DMMP) by October 2011. This funding would increase the potential for this study to be completed on schedule.			
Conduct hydrographic surveys and perform maintenance dredging of new river inlet, cedar bush cut and channels to Jacksonville, NC.	800,000	New River Inlet	Onslow County
Update master plan and shoreline management plan. Contract will initiate revisions to comprehensive planning documents that guide limited development and land use allocations	450,000	W Kerr Scott Dam And Reservoir	Wilkes County
Update historic properties management plan. Engineering contract will provide plan that thoroughly documents the locations and management plans for various cultural resource sites under the stewardship of the corps of engineers at w. Kerr Scott.	180,000	W Kerr Scott Dam And Reservoir	Wilkes County
Complete a report for Albemarle to hwy 200 water main	25,000	Stanly County Wastewater Infrastructure	Stanley County
Award design contract for the Albemarle to hwy 200 water main	275,000	Stanly County Wastewater Infrastructure	Stanley County
Award two Architect/Engineer Contracts to complete coastal analysis and economics using Beach FX model, a comprehensive analytical framework for evaluating the physical performance and economic benefits and costs of shore protection projects.	265,000	Bogue Banks	Carteret County
<i>Total</i>	\$32,899,000
