Location Search
Layers

The screenshot shows a property information panel with a search bar at the top containing the PIN 1716107707. Below the search bar is a table with two columns: 'Field' and 'Value'. The 'Field' header is circled in red, and a red arrow points to it from a text box that says 'Sort info by clicking on header'. Another red arrow points from a text box that says 'Save Info to Excel' to a button in the top right corner. A third red arrow points from a text box that says 'Click on Recycle Bin to clear property outline from the map' to a button in the top right corner. At the bottom of the panel, there is a row of icons for additional features: a calendar, a person, a globe, a document, a dollar sign, a play button, a flag, and a house. A text box that says 'Additional Features - Photos , Link to Scanned Deeds/Plats, Tax Card, Buffer, Services & Site Addresses' has three red arrows pointing to these icons. The bottom of the panel has a green bar with the text 'Location Search' and 'Layers'.

CAN'T FIND A PROPERTY BY ADDRESS, OWNER, PIN OR REAL ESTATE ID?

Try Search by Intersection or Search by Subdivision:

LOCATION SEARCH

The Location Search Tab includes Search by Street Intersection, Search by Subdivision, Search by Places of Interest (Landmarks), Search by Address (geocoded) and Search by Coordinates

STREET INTERSECTION SEARCH

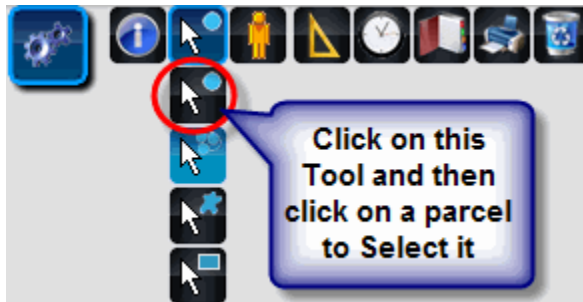

1. Choose the Location Search Tab
2. As you type the name of the first street – the intersecting streets will appear in the Select Intersection Box. Choose one of the **Intersecting Streets** to zoom to the intersection.

SUBDIVISION SEARCH

1. Choose the Location Search Tab:
2. Start typing the name of a Subdivision in the text box.
3. Choose Subdivision from the drop down menu:

Want to click on a parcel & see the property info?

Use the Select Parcel Tool:
