AWARDS

1. International City/County Management Association – The Wake County Advanced Practice Paramedic program received the 2010 Community Health and Safety Program Excellence Award (“Best In Class”) from the International City/County Management Association. The program matches specially trained paramedics with the most acute patients, allowing better utilization of emergency ambulances, reduced healthcare costs and assurance that citizens receive the most appropriate care. http://icma.org/wakecoparamedics

2. National Association of Counties – The Wake County Advanced Practice Paramedic program received the 2009 National Association of Counties (NACo) Achievement Award. The APP program is a new program designed to match specially-trained paramedics with the most sensitive patients, prevent
emergencies in some high-risk patient populations, and seek further care for those patients who may be better served at locations other than local hospital emergency departments.
