

ADDENDUM #1

Date: October 9, 2020

RFP/Bid Title: Therapeutic Foster Care – Crisis, Emergency Placement and Respite Beds

Owner: County of Wake – Melissa England, Procurement Services

RFP/Bid No.: RFP #20-080

The following items are answers to questions received before the cut-off date to the Request for Proposal #20-080. Wake County answers are in red.

1. Are you looking for references from the guardians of the kids we are serving or agencies that we have a crisis contract with currently? In section 4.4, it states providing a comprehensive list with years in which we provided services. It then asks for at least 3 current clients you can contact. The table attached asks for agency name so I was not sure which one you were asking for. Do you want agencies that we provide crisis beds for or actual guardians of kids we have served in those beds?
The references can come from agencies or parents that have received services from the providers. We would like to speak with the agencies vs. the parents.
