#OURWAKECOUNTPARKS INSTAGRAM PHOTO CONTEST

Parks, Recreation and Open Space is hosting its 2nd Annual Instagram Photo Contest to celebrate all the ways our residents enjoy Wake County's parks and nature preserves. The contest will run from September to November.

To enter, participants should follow @WakeGovParks on Instagram and upload a photo that captures what they like most about Wake County Parks. All photos should be tagged using the hashtag #OurWakeCountyParks and the hashtag of the park or nature preserve featured in your entry.

Participants are encouraged to be creative with their submissions. The #OurWakeCountyParks photo contest is about celebrating the variety of ways you and your family enjoy Wake County, so show us your favorite things to do, to see, to learn and to love about #OurWakeCountyParks. Park staff will be featuring photo ideas and previous examples of contest winners on Facebook and Instagram throughout this three month duration.

Contest winners will be showcased in a photo exhibit during the spring of 2016 at Historic Oak View County Park. All submissions are eligible to be used in Wake County Parks, Recreation and Open Space marketing material.

The contest will run from Tuesday, September 1st to Monday, November 30, 2015. Interested participants should submit a photo via Instagram that adheres to contest rules during this time.

Full contest rules and a list of hashtags are available at www.wakegov.com/parks/instagram.
