**Statement of Justification** Explain how any existing conditions, proposed development features, or other relevant facts would allow the Planning Board to reach the required conclusions. (see attached) Attach additional sheets as necessary.

The Variance request is for UDO Article 8-32-3,4, and 5 for Tract 2 located in the northern portion of the Deborah Beach property located off Bissette Road.

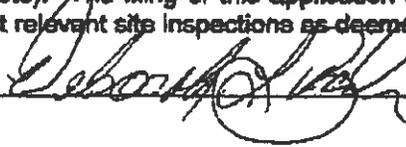

Current UDO regulations require Tract 2 to have road frontage along a public or private road. Due to location of Tract 2, the UDO requires the construction of a private road. The property is surrounded by Wake County and Duke Energy which lends to no further development on these Tracts that would require extension or use of a private road. Ed Kazas is the potential buyer of Tract 2 and plans to build a personal residence.

The request for a variance is for the access to Tract 2 be a 45' Access and Utility Easement for the construction of a 12' gravel drive along an existing path.

Current regulations require it to be a 45' private road with 16' of 8' ABC slope with a shoulder section, the proposed plan is for a 45' Access Easement with a 12' gravel drive. The layout of the existing path best fits the property as it runs along the property lines and has been traveled on for many years. The horizontal and vertical curve requirements will not fit the existing path. Due to the location of Tract 2, the low development potential of the surrounding properties and utilizing said existing path we request the variance for a private road to be constructed to serve one house with one owner.

All property owners must sign this application unless one or more individuals are specifically authorized to act as an agent on behalf of the collective interest of some or all of the owners (provide a copy of such authorization).

The undersigned property owner(s) hereby authorize the filing of this petition (and any subsequent revisions thereto). The filing of this application authorizes the Wake County staff to enter upon the site to conduct relevant site inspections as deemed necessary to process the application.

Land use professionals (architects, engineers, planners, landscape architects, etc.), as well as employees of corporate or municipal applicants, may testify at quasi-judicial proceedings about factual matters in support of an application, petition or appeal. However, they MAY NOT examine or cross-examine witnesses, make legal arguments as to why an application, petition or appeal should be granted, or otherwise advocate for results on behalf of another individual or entity at a quasi-judicial proceeding. These functions can ONLY be performed at a quasi-judicial proceeding by an attorney licensed to practice law in North Carolina. Therefore, it is strongly recommended that unless you are an individual representing yourself in a quasi-judicial proceeding, you have an attorney present to present your case.

The undersigned applicant hereby certifies that, to the best of his or her knowledge and belief, all information supplied with this application is true and accurate.
