

Plan and Policy Review
Implementation Status of
Water Resources Plan

Plan Recommendations	Implemented?	Comment if not Implemented
2007 Stormwater Report		
1. Initiate hydrologic and hydraulic modeling	✓	
2. Facilitate post-construction run off controls for towns without ordinances	✓	
3. Risk based erosion inspections	✓	
4. Environmental monitoring	✓	(Repeated recommendation from a preceding plan)
5. Boost environmental education	✓	(Repeated recommendation from a preceding plan)
6. County administration of smaller municipalities' NPDES measures	✓	County is administering the post-construction stormwater ordinance for Rolesville, Wendell, and Zebulon and is talking with them about administering other NPDES measures
7. Enhance septic systems inspections program		In progress; repeated recommendation from a preceding plan
8. Collaborative, risk-based stormwater system maintenance including municipalities and NCDOT		No consensus on means
9. Countywide stormwater call center		Cost
