

ENVIRONMENTAL SERVICES STORMWATER REPORT

1. Permit Information

Project Name	
Project Number	
Watershed (Neuse / Cape Fear)	
PIN Number	
Disturbed Acres	
Preliminary Submittal Date	
Development Type (R, C, I)	
Project Type (new or expansion)	

2. Contact Information

Submitted By	
Street Address	
City / State / Zip	
Phone #	
Fax #	
Email Address	

3. Nitrogen & Peak Flow Information

Project Area (ac)	
Existing Impervious (ac)	
New Impervious (ac)	
% Impervious	
Pre-development nitrogen (lbs/ac/yr)	
Post-development nitrogen (lbs/ac/yr)	
Post BMP nitrogen (lbs/ac/yr)	
Offset nitrogen (lbs/ac/yr)	
Offset fee due	
Pre-development peak flow (cfs)	
Post-development peak flow (cfs)	
Post BMP peak flow (cfs)	

4. Stormwater Documents

Type of BMP (s)	
Purpose of BMPs (nitrogen / attenuation)	
Maintenance Manual and Budget:	
Maintenance Covenant:	
As-built Plans and Certification:	
Annual Inspections Report:	

3. Fees

Plan Review Fee:	(Received)
Plan Permit Fee:	(Pending)

I, the undersigned, certify to the best of my knowledge that the above information is correct (affix seal).
